

I'm Knocking

Tryhardninja

They build walls of discontent
Force feed faith to desperate men
Promise heaven so repent
Fall in line or it's the end

Under a great, great big rolling sky
I dream one day we'll all be free
On the same dirt where many gave their lives
I'm shedding blood for liberty

Aim is true (true)
Load and shoot (shoot)
Bleed and bruise
In red, white, black and blue

I'm knockin'
I'm knockin'
For hope and country liberate
I'm knockin' down the Eden's gate
I'm knockin'
I'm knockin'
A hollow prophet laid to waste
I'm knockin' down the Eden's gate

Gun for hire, my bullets flow
Get the desperate back their home
One by one like dominoes (like dominoes)
The true seeds of salvation grow

Dig in my heels and push their forces out
From mountain slopes to shining sea
Cut off the head from the snake and burn it down
I'm shedding blood for liberty

Aim is true (true)
Load and shoot (shoot)
Bleed and bruise
In red, white, black and blue

I'm knockin'
I'm knockin'
For hope and country liberate
I'm knockin' down the Eden's gate
I'm knockin'
I'm knockin'
A hollow prophet laid to waste
I'm knockin' down the Eden's gate
I'm knockin'
I'm knockin'

Father, father, father
Father, father, father
Let your children be
Let your children be
Father, father, father
Father, father, father
Let your children be

I'm here to set them free

I'm knockin' (come on)

I'm knockin' (I'm knockin')

For hope and country liberate

I'm knockin' down the Eden's gate

I'm knockin'

I'm knockin' (I'm knock, knock, knockin')

A hollow prophet laid to waste

I'm knockin' down the Eden's gate

I'm knockin' (father, father, father)

I'm knockin' (father, father, father)

For hope and country liberate

I'm knockin' down the Eden's gate

I'm knockin' (father, father, father)

I'm knockin' (father, father, father)

A hollow prophet laid to waste

I'm knockin' down the Eden's gate

I'm knockin'
