

I'm the Shy Guy

Tryhardninja

Yeah well, I never saw its face, a squad did
Yeah, it started screaming at us and crying
Not animal roaring though, it sounded exactly like a- like a person

Inside a dim lit room, I pace here quietly
Far and away from you, what more do you want from me?
Away from prying eyes, far from your judging glance
Content with being alone and that's all that I ever asked

I'm the shy guy so don't look at me

I'm the shy guy so don't look at me

I'm the shy guy so don't look at me
I'm the shy guy so don't look at me
I'm the shy guy so don't look at me
I'm the shy guy so don't look at me

Go
Go away
Just let this go
Ahh
Go
Go away
Just let this go
Ahhh

No matter what I do, it's still there all the time
Your eyes still follow me, like scraping inside my mind
Trust you don't wanna test, just how much I can take
Cause once you flip that switch, I won't stop till it goes away

Every stare is suffocation, they just wont let me be

I'm the shy guy so don't look at me
I'm the shy guy so don't look at me
I'm the shy guy so don't look at me
I'm the shy guy so don't look at me

Go
Go away
Just let this go
Ahh
Go
Go away
Just let this go
Ahhh

Look on intrusively, and force themselves on me
Don't watch, don't stare just go, and leave me here alone

Go
Go away
Just let this go
Ahh
Go
Go away

Just let this go
Ahhh
Go away (Ahhh)
