

Mess With Your Heart

Tryhardninja

Looking back now I miss days that
Me and her used to walk on the way to school
Everything was cool
Didn't know then what I know now
If I could I would take it back to those days
Before it changed

All before love, love, love, love
We felt that stupid love, love, love, love
That we found in the club, club, club, club
Then love turned into need and there was no vaccine
But believe me I didn't wanna mess with your heart
I didn't mean, I didn't mean to tear you apart
How could I know that feelings would grow this way
Caused by the game that I played
I didn't want, didn't want, I didn't want to mess with your heart

She introduced me to her friends and
That's when things took a turn for the very worst
They did not deserve
What they all got when they met me
Breaking hearts, breaking lives when words are deadly
There are no happy endings

We fell for love, love, love, love
Yes, felt that stupid love, love, love, love
That we found in the club, club, club, club
Then love turned into need and there was no vaccine
But believe me I didn't wanna mess with your heart
I didn't mean, I didn't mean to tear you apart
How could I know that feelings would grow this way
Caused by the game that I played
I didn't want, didn't want, I didn't want to mess with your heart

I didn't want to mess with your heart
