

# My Phasmophobia

Tryhardninja

Footsteps running out, out, out to the hall  
Something in this place remains  
Fingerprints run down, down, down on the walls  
A voice calls from the grave

Think I'm losing my mind, think I'm losing my mind, and grandually  
Think I'm losing my mind, think I'm losing my mind, my sanity  
Think there's someone behind, think there's someone behind is leaving  
me  
Think I'm losing my mind, think I'm losing my mind

It's triggering my Phasmophobia  
I'm afraid of spirits from beyond  
I can't take one more it's so bizzare  
My Phasmo- Phasmophobia, my Phasmo- Phasmophobia

Ghostly static talk- talk- talking to me  
Evil inside  
A supernatural haunt- haunt- haunting disease  
Decaying my mind

Think I'm losing my mind, think I'm losing my mind, and grandually  
Think I'm losing my mind, think I'm losing my mind, my sanity  
Think there's someone behind, think there's someone behind is leaving  
me  
Think I'm losing my mind, think I'm losing my mind

It's triggering my Phasmophobia  
I'm afraid of spirits from beyond  
I can't take one more it's so bizzare  
My Phasmo- Phasmophobia, my Phasmo- Phasmophobia

I'm para- paranoid that it's all true  
I'm para- paranoid, the end comes soon  
I'm para- paranoid, you're in the room  
I'm para- paranoid that you'll make me like one of you

And yeah it's triggering my Phasmophobia  
I'm afraid of spirits from beyond  
I can't take one more it's so bizzare  
My Phasmo- Phasmophobia, my Phasmo- Phasmophobia  
Triggering my Phasmophobia  
I'm afraid of spirits from beyond  
I can't take one more it's so bizzare  
My Phasmo- Phasmophobia, my Phasmo- Phasmophobia

Think I'm losing my mind, think I'm losing my mind  
Think I'm losing my mind, think I'm losing my mind  
Think there's someone behind, think there's someone behind  
Think I'm losing my mind, think I'm losing my mind, my Phasmophobia
