

No More Rules

Tryhardninja

Seemed harmless, didn't it
Some quick addition
This school thing could be worse
But strict education
Turned to damnation
That no one should deserve

Running and running, the ruler
Follows me, follows me (Follows me)
Sooner or later my tutor
Will end me if I don't leave

So let's do this
No more rules, rules, rules for me
Oh yeah, I'm ready to go
Yeah no more rules, rules, rules for me
Come on just show me the door
I'm outie, let's go
I'm leaving, come on

Avoid detention
I learned my lesson
No running in the halls
I'll push my way through
This nightmareish school
Find the notebooks and grab them all

Running and running, the ruler
Is chasing, is chasing me
Sooner or later my tutor
Will end me if I don't leave

So let's do this
No more rules, rules, rules for me
Oh yeah, I'm ready to go
Yeah no more rules, rules, rules for me
Come on just show me the door
I'm outie, let's go
I'm leaving, come on

We don't need no education, no more, no more
We don't need Baldi's control, no more, no more
We don't need no education, no more, no more, no, no, no
We don't need Baldi's control

So let's do this
No more rules, rules, rules for me
Oh yeah, I'm ready to go
Yeah no more rules, rules, rules for me
Come on just show me the door
I'm outie, let's go
I'm leaving, come on
I'm outie, let's go
I'm leaving, come on
No more rules
