

So Devilish

Tryhardninja

Tentacles grabbing at my heels
Sharp teeth wanna turn me to a meal
I run, yeah, I run
Vintage nightmare in black and white
Can't see in front of me I'm running blind
I run, faster, I run

Left right side to side
Side to side
Side to side
Left, right, side to side
Make a dash everything's trying to end my life, left right side to side

A panicked high speed chase, gone classic
High traffic hunt with an inky twist, foot race so devilish
So devilish, so devilish
Move those feet
So devilish, so devilish
Hellish speed

Hot pursuit, the taxi is alive
Burning rubber as it rides, I run, I run, I run

Grab more cans add them to the bank, got no choice but to walk these planks, come on, the heat is on

Left right side to side
Side to side
Side to side
Left, right, side to side
Don't stop now their attacks won't be my demise, left right side to side

A panicked high speed chase, gone classic
High traffic hunt with an inky twist, foot race so devilish
So devilish, so devilish
Move those feet
So devilish, so devilish
Hellish speed

I'm run..... running faster, catch me if you can
If its me you're after, I'm gonna ruin your plans

A panicked high speed chase, gone classic
High traffic hunt with an inky twist, foot race so devilish
So devilish, so devilish
Move those feet
So devilish, so devilish
Hellish speed
