

The End

Tryhardninja

My story will end just to start up all over again
A plunge into madness my curtain call doomed to reset
The machine, machine erases who I used to be
I'm losing bits, bits and traces of my reality

The end, the end
The end, the end
Always out of reach of
The end, the end
The end, the end
Drowning as I plead for
The end

I'm caged in a plot line where characters slowly derange
A bent crooked empire collapsing on top of my fate
While I'm looking for

The end, the end
The end, the end
Always out of reach of
The end, the end
The end, the end
Drowning as I plead for
The end
La la la la la la la la la
Always out of reach
La la la la la la la la la
Drowning as I plead for
The end

Play the last reel and you'll hear us scream
Like a well of voices in a dream
Drops inside an ocean in the machine
Crushed by the stream
Endlessly
Ooh

I'm hoping for light but it is gone
Whoa whoa
Some kind of ending but there is none
Whoa whoa
Am I the same as the demons I see?
Trapped in the world that is just underneath
What's real and written and nothing at all
Is real but my soul, is real but my soul
Always searching for

The end, the end
The end, the end
Always out of reach of
The end, the end
The end, the end
Drowning as I plead for
The end
La la la la la la la la la
Always out of reach
La la la la la la la la la

Drowning as I plead for
The end
