

The Puppet Song (Duet)

Tryhardninja

Taken way too soon
I'm not at all what used to be

Shifting in a box
The past is nothing more than just a dream

Now I hear the call of evil growing once again

I'm powerless to change your fates

But in the end I'll shelter you my friends

[TryHardNinja:] Tonight we roam

And if they listen really close
They can hear us sing our song

And I can't give you back the things you had

But you don't have to do this on your own
Even if you're never coming home
You're not alone
You're not alone

You're not alone

In our own little world
Forever lost to passing time

No one knows what its like
To wear a mask that you are trapped inside

One day the purple clouds
That hover over us will fade

Then we'll be free to cut the strings
To wipe the tears but now we walk in chains

Tonight we roam & if they listen really close
They can hear us sing our song

And I can't give you back the things you had

But you don't have to do this on your own
Even if you're never coming home
You're not alone
You're not alone

You're not alone
