Trapped in Minecraft

Tryhardninja

I lost count of the days
From the night my life changed
Long ago
And I know
I don't have a respawn left
I was just playing a game
Blocks and clicks nothing strange
Then to my surprise
My game became my life
And I've been here ever since

Trapped in trapped in trapped in trapped in minecraft
Now I fight back every mob I see
Trapped in trapped in trapped in trapped in minecraft
All by myself no one to rescue me

Mining hard every day
For the stuff to upgrade
My house and attire
Cause the stakes have never been higher
If I die here it's for real
Alone in this fight
Monsters in sight
Search low and high
Grow strong As I
Try to survive
Use what I find
Scared of the night
Cause I'm
Cause I'm

Trapped in trapped in trapped in trapped in minecraft
Now I fight back every mob I see
Trapped in trapped in trapped in trapped in minecraft
All by myself no one to rescue me
I'm trapped in minecraft
I'm trapped in minecraft
I'm trapped in minecraft
I'm trapped in minecraft

So every day I do the only thing to do
I scour every block of land and deep blue sea
To try to find some way to get back home one day
And try to stay alive so I don't have to be

Trapped in trapped in trapped in trapped in minecraft
Now I fight back every mob I see
Trapped in trapped in trapped in trapped in minecraft
All by myself no one to rescue me
Trapped in trapped in trapped in trapped in minecraft
Now I fight back every mob I see
Trapped in trapped in trapped in trapped in minecraft
All by myself no one to rescue me
