

Unite The Shadow

Tryhardninja

Unite the shadow
Unite the shadow

Everything can be hacked
And anyone can in fact
It's sombra here
It's sombra here
We're the team for fear
When all the villains come to attack
You'll never see
You'll never see
What's coming
Until my blaster is buzzing
So many targets
So little time
But your system will be mine

The name is reaper
The blackwatch leader
I rose to power through pain and sacrifice
Your death comes for you
My darkness consumes
The grave can't hold me
So you'll die die die

Your light is fading
We are the elite
Together
We will end you
Together
We will end you
Guaranteed

Unite the shadow
All our skills are stronger
Than just one
Unite the shadow
Fear the force of darkness
We become
Unite the shadow
Deadly
When together as a team
You are at the mercy
Of our abilities
Unite the shadow

I am the undertaker
One shot
One kill
I'm widowmaker
Don't think that
Hiding spot will save ya
My sniper will turn you to vapor
Don't underestimate our force
The widow's kiss
Shows no remorse
You'll take your last breath in my sight

Click boom and now I feel alive

If you know doomfist
Bring the heat
To the enemy
Raise your first up
If you know that it's bad
When the whole
If you know that it's
Bad
When the whole team's with me
Then let me see
You raise your first up
I know you know my name
So what did you expect
Gonna get you slammed
You can't stop us
One punch is all I need
This will be over quick
You crossed the path of my uppercut

Your light is fading
We are the elite
Together
We will end you
Together
We will end you
Guaranteed

Unite the shadow
All our skills are stronger

Unite the shadow
Fear the force of darkness
We become

Of our abilities

Unite the shadow

We will put an end
To overwatch's story
People will look on
Thankful for our glory
We came and saw
Now
United
We will conquer
As villains we are strong
But as a team
We're stronger
We're stronger

Unite the shadow
All our skills are stronger
Than just one
Unite the shadow
Fear the force of darkness
We become
Unite the shadow

Deadly
When together as a team
You are at the mercy
