

# Wanna Play

Tryhardninja

Disguised as a friend  
But it's something that's sinister  
Three decades of torment  
(Breaks free)  
No longer a prisoner

Out for blood  
Out for blood  
Let's play a game  
Cuts like a knife  
In the night  
Oooo  
Wanna play?

Bring the blade a brand new start  
A deadly game

Are you afraid?

He is toying with your mind  
Can you escape?

Wanna play?

Do you wanna do you wanna  
Do you wanna  
Wanna play?

Do you wanna do you wanna  
Wanna  
Wanna play?

Your home infected  
Your family unwary inside  
He sees where you go  
When you hide, yeah he knows  
Your life hanging on the line  
He's

Out for blood  
Out for blood  
A lethal chase  
Evil finds you  
In the night  
Oooo  
Wanna play?

Bring the blade a brand new start  
A deadly game

Are you afraid?

He is toying with your mind  
Can you escape?

Wanna play?

Do you wanna do you wanna  
Do you wanna  
Wanna play?

Do you wanna do you wanna  
Wanna  
Wanna play?

Reincarnated fear  
Integrated, grated  
True hatred never dies  
It just waits, and waits, and  
Reincarnated fear  
Integrated, grated  
True hatred never dies  
It just waits  
Wanna play?

Bring the blade a brand new start  
A deadly game

Are you afraid?

He is toying with your mind  
Can you escape?

Wanna play?

Do you wanna do you wanna  
Do you wanna  
Wanna play?

Do you wanna do you wanna  
Wanna
