

We Are The Overwatch

Tryhardninja

We are the Overwatch, Overwatch
We are the Overwatch, Overwatch, yeah

When a war torn, Earth cried out
We responded in times of a crisis
We stand tall cause we got to
If we all ever hope to survive this
There's a light that's worth fighting for
Face to face with the dark, we stay righteous
Put in work on the frontlines
Leaving ranks of the enemy lifeless

Stand for mercy
Honor and glory
We are the hero's hand
In your time of need

We are soldiers of Overwatch, Overwatch
Guard the human race
So just keep holding on, holding on
Support is on the way
We are the Overwatch, Overwatch (hey, hey)
We are the Overwatch, Overwatch (hey, hey)

Everybody needs a hero they can run to
Come through any time that they hunt you
In the dark, lost, hit their knees and prayed
So we came and made the grey, fade away, saved the day, it's ok
Evil villains never prosper through the night time (nah)
Fight crime, send a message, let it shine
Hear an echo through the lands, hover fast over the seas
Overwatch is for the people, you and me, look and see, yeah

Mercy
Honor and glory
We are the hero's hand
In your time of need

We are soldiers of Overwatch, Overwatch
Guard the human race
So just keep holding on, holding on
Support is on the way
We are the Overwatch, Overwatch (hey, hey)
We are the Overwatch, Overwatch (hey, hey)

Find the battle and we'll be there
Armed protectors side by side
Heroes still fighting for truth
Yeah...
The heroes are you and I

We stand for mercy
Honor and glory
We are the hero's hand
In your time of need

We are soldiers of Overwatch, Overwatch

Guard the human race
So just keep holding on, holding on
Support is on the way
We are the Overwatch, Overwatch (hey, hey)
We are the Overwatch, Overwatch (hey, hey)

We are soldiers of Overwatch, Overwatch (yeah)
Guard the human race
So just keep holding on, holding on
Support is on the way
We are the Overwatch, Overwatch (hey, hey)
