

# What Are You Hiding?

Tryhardninja

I curse the day that I moved across the way from you  
Goodbye normal hello neighbor  
I barely unpacked and there goes the neighborhood  
I'm obsessed with your behavior

What am I doing inside your house?  
I should be sleeping not creeping around

What did you bury?  
Why're you so scary?  
None of this feel alright  
I gotta know

So tell me please what are you hiding?  
What do you have under a lock and key?  
Can't help myself 'cause I keep trying  
To figure out the secrets that you keep  
I am addicted, what have I become?  
This isn't me but I just gotta know  
What are you hiding?  
So tell me please

Your house is so bizzare  
Why do you have prison bars?  
Is there someone trapped in your room?  
Yeah you send my mind  
On a roller coaster ride  
Now I'm stuck on you like glue

Can I be jumping to conclusions?  
Could all this really be inside my head?

Heartbeat is racing  
What's in the basement?  
I'm breaking through the door  
I gotta know

So tell me please what are you hiding?  
What do you have under a lock and key?  
Can't help myself 'cause I keep trying  
To figure out the secrets that you keep  
I am addicted, what have I become?  
This isn't me but I just gotta know  
What are you hiding?  
So tell me, so tell me please, please

I will find out what you're hiding  
Will the truth break me when I find it?  
I will find out what you're hiding  
Will the truth break me?

So tell me please what are you hiding?  
What do you have under a lock and key?  
Can't help myself 'cause I keep trying  
To figure out the secrets that you keep  
I am addicted, what have I become?  
This isn't me but I just gotta know

What are you hiding?  
So tell me please  
What are you hiding?  
I gotta know  
What are you hiding?  
So tell me please, please, please  
What are you hiding?  
What are you hiding?  
I gotta know  
What are you hiding?
