

Superdeformed

Tsar

Hell in 1999 I was lookin' for a little action (action, action)
Droppin' outta school and working for the FBI
I was goin' with a girl but man she put my shit in traction (tr
action, traction)
And now I've been reborn and I'm superdeformed aye aye
I say-
Jesus is just alright
He never got you high
I been reborn, superdeformed
Cut it!!!
WOOH!!!
I'm not a sinner, I never sinned
I got a friend in Lisa (Lisa, Lisa)
And me and her were givin up blood on a Saturday night
But we ain't got time
We got some frogs in the freezer (freezer, freezer)
We got the end ????
And the Beatles are just alright
But they never got you high
I been reborn, superdeformed
Gonna get on my motorbike
And make every girl I like
I been reborn, superdeformed
And I don't want to drown in a sea of sorrow - sorrow
Everybody knows that I don't care about that
Won't you drop a dime, I turn and face tomorrow (morrow, morrow
)
And even if I don't know where I am, dude I know where I'm at
And Mohammed is just alright
But he never got you high
I been reborn, superdeformed
Gonna go on a midnight ride
But you never seen me cry
I been reborn, superdeformed
Been reborn, superdeformed
Been reborn, superdeformed
Been reborn, superdeformed
Look out!
Shout it
