Demonic Supremacy

Tsjuder

I command the demon army
Riding on flames from hell
To destroy all living beings
And reclaim the throne of evil

Demonic supremacy

For thousands of years we have waited
We have hungered the demons
Frenzied by their bloodthirst
Preparing the ultimate slaughter

There is no time to fear
Your heads will be on stakes
[...]

We have no fear
Nothing to loose
They are my breed
Demonic

My demons will feast
Feast upon your remains

Demonic supremacy

For thousands of years we have waited
We have hungered the demons
Frenzied by their bloodthirst
Preparing the ultimate slaughter

We have no fear
Nothing to loose
They are my breed
Demonic

Your world will be lost for all eternity
There will be no god to save you
As I shall sit on the top of the throne
Preparing hell
Prepare for hell!
Hell!!
Prepare for hell!
Hell!!
