Tsjuder

I am the oldest one
Primordial dweller in black emptiness

Slayer of worlds
Unholy destruction
Ravishing fire – King of Ashes
Total death – World Eater

I am the Black one
Ancient as the land of fire
Volcanic force, death thrower
Eater of your nine worlds

I erupt in fire from the abyssic depths
Shattering the shining celestial bridge
I fling fire over the earth and incinerate your world
Your gods and temples are dust by my feet

Slayer of worlds
Ravishing fire
Total death

World Eater, King of Ashes
With Hellsword in hand I incinerate it all
And the abyss is all that remains
I dwell in black emptiness
