

## Something In The Way

TSS

Ton corps sur le mien j'attends que le temps passe  
Je sais que ton coeur est mien mais rien la remplace  
When is it getting better?

Ta peau et tes mains et ton visage pâle  
Tes yeux qui disent viens on part en cavale  
Find your way cutting deeper

(Now I feel  
There's something in the way  
That I've never seen)

Now I feel, there's something in the way  
That I've never seen before  
I can't look away as you're losing hope  
I know, something's gotta give  
And I hate to be the one  
To watch you fade away

Des tiroirs plein de souvenirs  
Des photos qu'il faut que j'supprime  
Pour qui écrire si t'es pas là  
Tout est devenu futile  
Un jour j'ai pris peur et toi la porte  
Un jour faudra bien qu'le demon sorte

We're standing at the edge  
Throwing to the flames  
Everything that matters  
Just to take the pain away

(Now I feel  
There's something in the way  
That I've never seen)

Now I feel, there's something in the way  
That I've never seen before  
I can't look away as you're losing hope  
I know, something's gotta give  
And I hate to be the one  
To watch you fade away
