

4 ENT PURPOSES

Tsu Surf

Oh, love
Kill my people and drown them dead
Down in the river of lights

Dream of Choppa's
Really beef with Shotta's
Chicken, penne, seasoned vodka
Eating proper
Lawyer case the people spot us
Only book me for a decent dollar
Never with my jewelry when i meet her father
Head from a decent scholar
Bang on em', old Iguodola
Never let em' see ya dolla's
Mafia meetings in back of Pizza Parlors
Pull up proper, tryna paint the picture
I took 5, i can vividly show you what being gangsta gets ya
Won't trust his body if he ain't ya nigga
I was busy making figures
She gon' swallow cause she ain't a quitter
Went to sleep, woke up with two of em'
Couple questions, ruined him
His public defender done bamboozled em'

Ugh
GANG
Drama hour, we brought them choppa's out
Coppers, i was mixing at my momma's crib, no Christmas at my father's house
A monster y'all
We ain't hit the gas until we watched em' fall
Every shot i lost some more, now i ain't got it all
Savage blocks, we ain't have a lot
He got his cabbage popped
Trap spot, we treat it like the Marriott
Opps tryna spin up on me
Lawyer out here fending for me
Keep this blicka on me
She got section 8, her crib be used for inventory
Chatting cost em', lighting candles where they lost em'
With a baddie watching Brooklyn versus Boston
I just left from Slauson
Pay my lawyer by the hour, not the mission
So i hit em', right after we catch em slipping
Case these niggas snitching
See em leaking, clout chasing
She get seamen, pretty vegan
I be seeing demons
I be seeing demons
Just retaliate, we don't think at all
I seen the devil, look em in his face, ain't blink at all
I seen my phone ring, i ain't miss ya fucking call
Gang
We don't fuck with y'all
