Tsu Surf

We in the same gang  
Niggas out here hustlin' tryin' to get paid  
Call my dog up and it's the same thing  
Sick and tired of strugglin' tryin' to maintain  
Tryin' to maintain, ye-yeah...  
And I'm from a place where they show no love  
And I'm from a place where niggas throw slugs  
It ain't no [?] Bone Thugz, it ain't no love, ye-yeah...  
So you know we ain't fuckin' around  
We ain't fuckin' around, no no no  
You know we ain't fuckin' around  
We ain't fuckin' around, no no no  
You know we ain't fuckin' around

This one for the winter nights  
When niggas wasn't livin' right  
Every missed dinner night  
When shit just wasn't gettin' right  
I got it now, and them wheels tinted when I drive around  
Connect four pounds and I buy a pound, break it down  
Never wait a round when it's weight around  
Raise your hand, call the waiter 'round  
Think I'm done here  
Sprint around my town mean I run here  
In one year, a good marathon and I'm done there  
Trap class, lookin' like Panthers in these black flags  
Stack cash, still havin' Ramen noodles flashbacks  
Crazy, right?  
Wipe the table down with the baby wipes  
Johnson & Johnson  
Slinging to the neighbors, threw a dime to Ms. Johnson  
But we ain't fuckin' round  
Seemin' like it's all beef until we come around  
Tell them niggas we ain't fuckin' round  
It seem like it's all beef until we come around

We in the same gang  
Niggas out here hustlin' tryin' to get paid  
Call my dog up and it's the same thing  
Sick and tired of strugglin' tryin' to maintain  
Tryin' to maintain, ye-yeah...  
And I'm from a place where they show no love  
And I'm from a place where niggas throw slugs  
It ain't no [?] Bone Thugz, it ain't no love, ye-yeah...  
So you know we ain't fuckin' around  
We ain't fuckin' around, no no no  
You know we ain't fuckin' around  
We ain't fuckin' around, no no no
