Tsu Surf

Gang gang! (gang!)  
Ayy Gray, go see what he talkin' about!  
Fuck you talkin' 'bout? (gang!)  
Ayy

Lord forgive us  
[?] they ever catch up with us  
Bigger chopper bullets, better bitches  
I sell a product, I can't sell a vision  
"Suck my dick" is what I tell the system  
These bitches kissin', I can't tell they're sisters  
We ain't with no stupid shit  
All my youngins lunatics  
Sweep his block, broom the shit  
Watch out, don't know who will snitch  
We go and get it  
Even if you know, man, you don't know who did it  
I won't tell on me, don't do no co-defendants  
2020 that shit gotta growl if we gon' roll up in it (skrrt!)  
Nobody don't move or better breath while we go up in it  
Whistle gang, I call the dogs  
I was fuckin' [?], slippin' almost saw the Lord  
Knocked me off my boogie board  
Foreign car racin', we into erasin'  
GPS'in' opps, that's why team in they location  
Niggas switch and change lanes  
We only know gang gang (gang gang!)  
I'm kinda misunderstood, all my niggas gangbang  
Know the Reaper layin' on me  
Know my mama prayin' for me  
That won't stop these opps, they want my head  
I got this sprayer on me (I got it!)  
Heard they did him badly  
Money part of the plate then you can add me  
Tell my bitch to fix her face, that attitude nasty  
War with gang  
Every scar I got a nigga wore with pain  
Went and bought us choppers 'fore I bought us chains  
Lawyer fees nasty, coulda bought a Range  
Every time we caught 'em bang... bang!

Paranoia schemin', was a demon 'fore they shot me  
Woke up with a baddie sweatin' dreamin' 'bout a body  
Let a nigga try me  
Me and my bitches be sharin' thotties  
We gon' make a fuckin' movie if they find me

Disrespect we gotta drop some shit  
Chopper with a drum, another block was hit  
Watch your bitch  
Let her give me head, her man a opposite  
The Glock will switch  
You really about it, nigga, pop your shit  
Cappin' on social media get you shot, not a dis (brrr, brrrrrrr!)  
They say if you do it you ain't did it, you don't Instagram it  
I can watch it rain and I get wet, this roof panoramic  
Fuckin' on a scammer bitch, she fuckin' me, I set her off

She don't catch no feelings, she just charge it on them credit cards  
Right, I still see homicides, I'm traumatized  
[?] over dollar signs  
Rap money clean, I got it on me then it's filthy  
I wear this zipper proudly, motherfuckers tried to kill me  
I sit in silence  
I'm tryna think how make that chase account a bigger balance  
All my bitches evil, all my niggas violent  
That right there my biggest problem  
Finger start to itchin' when I get around 'em (ba-ba-ba-ba-bang!)  
Shoebox rubberband up every twenty thousand  
We should start a hit 'em challenge  
Them niggas got dizzy, we kept spinnin' 'round 'em  
Why do you keep talkin' while a nigga countin'?  
Trap but I'ma get us out it  
Bail ain't cost too much [?], she only get a salad

Paranoia schemin', was a demon 'fore they shot me  
Woke up with a baddie sweatin' dreamin' 'bout a body  
Let a nigga try me  
Me and my bitches be sharin' thotties  
We gon' make a fuckin' movie if they find me
