

# Killas Kill Killas

Tsu Surf

Gang! Troublesome since young and dumb  
We wanted some  
Attachments sold separate  
Charged me extra for that drummy drum  
Profit to the side then the re-up left my mother some  
Go catch us when we make it back, get mad, go catch another one  
Get scratched off  
We gon' stuff four killas and two choppers in one Trackhawk  
Got the gang tatted on his face, ain't gotta ask dawg  
Packed into the hood, if he get weird he gettin' packed off  
Saw a close range of headshot it look like mack sauce  
Man we be poppin' out  
Retaliation's not no question, that's without a doubt  
Them percocets they get her wet but she get cottonmouth  
I hear a killa off them pills, boy be noddin' out  
This shit be painful, they don't know what pain do  
This Johnny Dang new  
If he leak a word of information then he gang food  
Two inside a full Fanta cup, he sippin' pain juice  
Two inside a full Fanta cup, he sippin' pain juice

You can't come if you don't drill  
The devil out here takin' out the real  
I know some killas who killed killas then got killed  
Don't give a fuck 'bout how you feel  
If it's only family pay the bill  
(Can't come if you don't drill)

I'm in [?] with the killas clutchin' pepperoncini's  
5.7 inside this weapon it's [?]  
You ever need me hit the layer, we gon' link for sho'  
Won't sound decent when I'm squeezin', fuck a easy score  
Jeezy mode, me and Bob make niggas bleed for sho'  
They told me I'm too risky to take a trip and I should leave it 'lone  
To watch 'em suffer like I suffered tend to ease the soul  
Nothin' more important than this fort but not to each his own  
Make sure I'm buried with my diamonds on  
We sent a sucka up there with him, he ain't die alone  
These niggas know what type of time I'm on  
They say they with you right or wrong  
But niggas lyin', am I right or wrong?

You can't come if you don't drill  
The devil out here takin' out the real  
I know some killas who killed killas then got killed  
Don't give a fuck 'bout how you feel  
If it's only family pay the bill  
(Can't come if you don't drill)
