

## Bustin'-A-Nut

**Tub Ring**

When it's late it always seems to get the best of me  
Palms start sweating my hands start shaking my libido running free  
I've been taught since I was a young lad I should repress the urge  
But if I don't ditch my pants real soon I think they're gonna burst

Physical attention  
I want nothing less than sex  
When I want to see dirty pictures  
I'll download them off the net

One on one, or two on one, or seventeen on four  
Think it's kinda funny that I made a mess so wipe it off the floor  
Going out and picking up chicks in my new bitching car  
Placing out a personal ad in search of the bizzare

Coat myself in rubber  
Then I plan to take it off  
Visit to the doctor  
Where I drop my pants and cough

Break it down for me
