

## Figure Eight

Tub Ring

Shocking us all with stories of intellect  
You want results and you got them this way  
You're not far off from winning me over  
When all your thoughts are for public display

C'mon, you're a natural!  
C'mon, you're beautiful!

Show signs of duress  
Various and undressed  
Tailor made and half true  
You represent you

Yeah  
You represent yourself

Blur the edges away  
Stake a claim and vacate  
Pride of being chosen  
Ramble like you know them

Yeah, just chatting the night away

Figure eight  
When in doubt  
Go outside  
Work it out

Time flows  
And numbers grow  
I feel like I've been here before

There was you  
An open loop  
A relic for us to explore

Recreate  
And decorate  
Another distraction from sleep

I relate  
To a figure eight  
You're judged by the company you keep

Figure eight  
When in doubt  
Go outside  
End this now
