

Get Help (Now!)

Tub Ring

Wandered in just a bit naïve
You should have stayed home after all
Didn't know what you were up against
And now your back's against the wall

Light a flare
Dial the phone
Make a noise
Make a noise
Pick up, pick up, hope that someone's home

Get help, now!
And just forget how okay you'd be
If you could do this all again
Hindsight tastes as sour and sick
As a pack of rotten eggs

(Break it) break the glass
(Pull it) the alarm
Close your eyes
(Close your) close your eyes
Hurry, hurry, hope that someone comes

Never come 'round here again
Never come 'round here
Run for your life, run for your life
Cover your eyes, run for your life

So now you're back to where you started from
You couldn't take it, fare thee well
Nowhere to run
Just like a turtle without a sh-sh-shell

(Light a) light a flare
(Dial the) dial the phone
Make a noise
(Make a) make a noise
Pick up, pick up, hope that someone's home

(Break it) break the glass
(Pull it) the alarm
Close your eyes
(Close your) close your eyes
Hurry, hurry, hope that someone comes

Never come 'round here again
Run for your life, run for your life
Run for your life, cover your eyes
Cover your eyes, run for your life
Run for your life, run for your life
