

Leaving

Tub Ring

I guess this is farewell
But the mood isn't sadness
I give you all of this
Now you've gone and surpassed it

You were never a mistake
But sometimes life has a way
Of changing the plans

Come on over here
'Cause I, I wanna be clear
About the beauty of patterns
And the fact of the matter's
Well, I leave it to you
'Cause I want you to have it
Well, the place is a mess
But there are so many more planets

So I lay out the rules
We'll approach them with candor
I can tell you are upset now
That I don't have all the answers

I never told you what it's like
What it's like to be me
And you never asked

Come on over here
'Cause I wanna be clear
About the beauty of patterns
And the fact of the matter's
Well, I leave it to you
'Cause I want you to have it
Well, the place is a mess
But I must confess
That there are so many more planets

And you are still young, you see
So now you carry on with (Carry on with)
The burden of discovery (The burden of discovery)

So much to learn
So far to go
So much to learn
So far to go...
