

# The Horrible and the Holy

Tub Ring

Follow your thoughts with a personal insult  
Everything stings but reminds me that it's alright  
Yeah, it's alright with me  
Just kick when I'm down to reaffirm your standing  
Everyone laughs but you know that it's still alright  
Yeah, it's alright with me

(Yeah) You keep on pushing, pushing  
(Yeah) You keep on pushing, pushing  
(Yeah) You keep on pushing, pushing me  
(Yeah) You keep on pushing, pushing  
(Yeah) You keep on pushing, pushing  
(Yeah) You keep on pushing, pushing me

These are the forces that work to control me  
That it's for the best doesn't seem to console me  
The horrible (The horrible)  
And the holy (And the holy)  
All of the lessons pop culture has told me  
Preparing the way that you see or behold me  
The horrible (The horrible)  
And the holy (And the holy)

Learning the truth, all in spite of not asking  
It's easy to dwell, but I'm telling you that it's alright  
Yeah, it's alright with me  
When all of my actions are boring and stupid  
You'd think this would suck, but it's funny how it's still alright  
Yeah, it's alright with me

(Yeah) You keep on pushing, pushing  
(Yeah) You keep on pushing, pushing  
(Yeah) You keep on pushing, pushing me  
(Yeah) You keep on pushing, pushing  
(Yeah) You keep on pushing, pushing

These are the forces that work to control me  
That it's for the best doesn't seem to console me  
The horrible (The horrible)  
And the holy (And the holy)  
All of the lessons pop culture has told me  
Preparing the way that you see or behold me  
The horrible (The horrible)  
And the holy (And the holy)

Ambition's noble if it's finite  
And gears will find a way to run  
If you've been listening  
Then you must understand  
There's always work left to be done

These are the forces that work to control me  
That it's for the best doesn't seem to console me  
The horrible (The horrible)  
And the holy (And the holy)  
All of the lessons pop culture has told me  
Preparing the way that you see or behold me

The horrible (The horrible)  
And the holy (And the holy)

These are the forces that work to control me  
That it's for the best doesn't seem to console me  
The horrible (The horrible)  
And the holy (And the holy)  
All of the lessons pop culture has told me  
Preparing the way that you see or behold me  
The horrible  
And the holy
