

# Smokin' Things

Tucker Beathard

Smokin' things, smokin' things  
Way out here don't nothin' change  
A little flame on a match and some kerosene does it good  
Smokin' things, smokin' things  
Lower back tattoos, cutoff jeans  
Love to come hang with the boys in my neck of the woods

Smokin' things left and right  
Little brush, little trash, little gas through the tailpipe  
Sittin' back, tippin' Jack and blowin' rings  
Yeah, smo-o-o-o-okin' things  
Yeah, we're just smo-o-o-o-kin' things

Smokin' things, smokin' things  
Beat up it before I bust the strings  
Completely insane these fingers just tearing it up  
He's got sweet home down like Skynyrd does  
Got the girls fired up just killing us

Smokin' things left and right  
Little brush, little trash, little gas through the tailpipe  
Sittin' back, tippin' Jack and blowin' rings  
Yeah, smokin' things

Smokin' things left and right  
Little brush, little trash, little gas through the tailpipe  
Sittin' back, tippin' Jack and blowin' rings

Smokin' things left and right  
Little brush, little trash, little gas through the tailpipe  
Sittin' back, tippin' Jack and blowin' rings  
Smo-o-o-o-okin' things  
Yeah, we're just smo-o-o-o-kin' things
