

Ain't Worth a Dime

Tuff

Now that's fuckin' rad!

Dirty little girl, you never did nothing
Earned a reputation, You must've done something
Seventeen years, whatcha gotta show
Nothing I could do to break your heart of stone

You ain't worth a dime
Wasting all my time on you
B-baby, baby, yeah
You ain't worth a dime
(Ain't worth a dime)
Of my time, of my time

You ain't too shy, ain't to tuff, no
No one's gonna help you, who you gonna trust
I gave you a home then I paid the price
Left me for a promise and the midnight life

You ain't worth a dime
Wasting all my time on you
B-baby, b-b-baby, yeah
You ain't worth a dime
(Ain't worth a dime)
Of my time, of my time

You can't come and go or do as you please
When your rotten in the gutter like a bad disease
I hear you singing, singing them blues
With an arm full of junk and a bottle of booze

You ain't worth a dime
Wasting all my time on you
B-baby, b-b-baby, yeah
You ain't worth a dime
(Ain't worth a dime)
Of my time, of my...

You ain't worth a dime
Wasting all my time on you
Maybe, little baby, yeah
You ain't worth a dime
(Ain't worth a dime)
Of my time, of my time
