

## American Man

Tuff

Grew up in America in a little white house  
Drove my parents crazy so they threw me out  
Well I thought I was a decent child  
But I guess I got a little too wild

I been through good times I been through bad times  
But I wouldn't change nothing no

I wanna hear some Rock N' Roll (I'm an American Man)  
Wanna party all night till the cows come home  
I wanna find someone to love  
Gonna be somebody you can be proud of

Got an old blue Chevy and I fixed it up  
Went down to the city and I got ripped off  
Gonna save my money gonna get me a job  
Find a woman then get back on the top
