

Just Being Me

Tuff

I'm just being me, I'm no wanna-be
I don't claim to be, made of royalty
I used to get angry, but I eventually
Hit maturity, you be you and I'll be me

I'm still being me, I am physically
Almost thirty-three, that is reality
What is my destiny, life is insanity
Like the music industry, but I'm right here and now and
I'm just being me

Solo:

I'm just being me, I aggressively
Chase things that interest me, I really love money
I wanna win the lottery, I'm not on MTV
But I used to be, that was them this is now and
I'm just being me

I'm just being me, drugs are not for me
Even if they're free, Midawg is a Doby
I bet she misses me, I keep playing C and G
I hope that I'm in key, I'm not a singer, oh no

I'm just being me, I'm just being me,
I'm just being me, I'm just being me,
