

# Better Safe Than Sorry

Tujamo

I'll be on the corner  
Wavin' as the trains go, trains go by  
Hold you a little longer  
Every time we say good—, say goodbye

My love is the army  
Every time you call me  
Be there in a heartbeat  
Better safe than sorry  
When the sky is stormy  
You don't have to worry  
Be there in a hurry  
Better safe than sorry

Better safe than sorry  
Better safe than sorry

Better safe than sorry  
Better safe than sorry  
Better safe than sorry

Even when we're fightin'  
I'll make sure that I apologize  
Can't stand the thought of dyin'  
If I didn't give you all my life

My love is the army  
Every time you call me  
Be there in a heartbeat  
Better safe than sorry  
When the sky is stormy  
You don't have to worry  
Be there in a hurry  
Better safe than sorry

Better safe than sorry  
Better safe than sorry

Better safe than sorry  
My love is the army  
Every time you call me  
Be there in a heartbeat  
Better safe than sorry  
When the sky is stormy  
You don't have to worry  
Be there in a hurry  
Better safe than sorry
