

Body Language

Tujamo

(Speak your body language)

Breathing heavy
Got me all lightheaded
Eyes are screaming
Telling me you need me

Come a little closer
Tap me on my shoulder
Whisper in my ear
Bet you wanna come over
Forget an old girl
Let's not do it here

I know you've got me on your mind
I'd even see if I was blind
Sensing you staring
Dare you to dare me

I feel your shivers down my spine
Feeling your heartbeat against mine
You gotta have it, I understand it
'Cause I speak your body language (Eh!)
(Speak your body language)
(Come a little closer)
'Cause I speak your body language

Come a little closer
Come a little closer
Come a little closer
Come a little closer
Come a little closer
Come a little closer
Whisper in my ear

No words needed
I know how you're feeling
Skin is speaking
Telling me your story

Come a little closer
Tap me on my shoulder
Whisper in my ear
Bet you wanna come over
Forget an old girl
Let's not do it here

I know you got me on your mind
I'd even see if I was blind
Sensing you staring
Dare you to dare me

I feel your shivers down my spine
Feeling your heartbeat against mine
You gotta have it, I understand it
'Cause I speak your body language
(Speak your body language)

(Come a little closer)
'Cause I speak your body language
('Cause speak your body language)
(Come a little closer)
'Cause I speak your body language
