

## Booty Bounce

Tujamo

I'am looking around and this beauty everywhere  
Up and down and round and round  
I'am looking around and this beauty everywhere  
Up and down and round and round  
She got one that I like  
She got one I like too  
She moved it and just right  
She moved it and right too  
I'am looking around and this beauty everywhere  
Up and down and round and round  
She got one that I like  
She got one I like too  
She moved it and just right  
She moved it and right too  
I'am looking around and this beauty everywhere  
Booty in the air

Let me see that booty bounce  
Let me see that booty bounce  
I'am looking around and this beauty everywhere  
Up and down and round and round  
I'am looking around and this beauty everywhere  
Up and down and round and round
