

Day In Day Out

Tujamo

Early mornings, late nights
Wake up, take flights
Day shifts, waste time
Till you feel that bass line
Early mornings, late nights
Wake up, take flights
Day shifts, waste time
Till you feel that bass line
Early mornings, late nights
Wake up, take flights
Day shifts, waste time
Till you feel that bass line
Early mornings, late nights
Wake up, take flights
Day shifts, waste time

You can feel that bass line
You can feel that bass line
You can feel that bass line
You can feel that bass line

You know what?
I'm tired of waiting for the weekends just to have fun
I'm tired of going to work
Day in, day out
Day in, day out
Day in, day out
Day in, day out

Early mornings, late nights
Wake up, take flights
Day shifts, waste time
Till you feel that bass line
Early mornings, late nights
Wake up, take flights
Day shifts, waste time
Till you feel that bass line
Early mornings, late nights
Wake up, take flights
Day shifts, waste time
Till you feel that bass line
Early mornings, late nights
Wake up, take flights
Day shifts, waste time
Till you feel that bass line

You can feel that bass line
You can feel that bass line
You can feel that bass line
You can feel that bass line
