

# Make U Love Me

Tujamo

I've been thinking about the way you look at me  
Are you sure you know the one  
You can tell me that these feeling, don't run deep  
Why try and hide from what belongs  
Are you gonna make a move?  
Hiding me is not a possibility  
Now the time has come to prove  
That I'm gonna make you love me anyway

That I'm gonna make you love  
That I'm gonna make you love  
That I'm gonna make you love me anyway  
That I'm gonna make you love  
That I'm gonna make you love  
That I'm gonna make you love me anyway

Are you gonna make a move?  
Now the time has come to prove
