

# Taking You Home

Tujamo

You want love for the weekend  
We can rock till the week ends  
We can go crazy  
Yeah, we can go deep in  
You should know this  
It's cuffin' season  
Don't give me a reason  
Yeah, I'm losing all reason

I'm with my slime  
Yo, you and your friends come and go, slide  
Hop in my ride  
One thing on my mind, I'm hitting you right  
Girl you should know  
I'ma take you all over this globe  
Come on, let's go  
I'ma walk you to the end of this road

You got me moving so close  
We can take it real slow  
Before I lose all control, yeah  
You got me moving so close  
Now I'm all in my zone  
Know I'm taking you home

Yeah  
Know I'm taking you home  
Yeah  
Know I'm taking you home

Ain't tryna see you leaving  
Please stay more, more than an evening  
I got you runnin' 'round my head in circles  
I know we both need healing  
I can feel your heart beating  
And I'ma promise baby, I won't hurt you

I'm with my slime  
Yo, you and your friends come and go, slide  
Hop in my ride  
One thing on my mind, I'm hitting you right  
Girl you should know  
I'ma take you all over this globe  
Come on, let's go  
I'ma walk you to the end of this road

You got me moving so close  
We can take it real slow  
Before I lose all control  
You got me moving so close  
Now I'm all in my zone  
Know I'm taking you home

Yeah  
Know I'm taking you home  
Yeah  
Know I'm taking you home

Lose all control, yeah  
Know I'm taking you home  
Lose all control, yeah  
Know I'm taking you home
