

Turn It Up!

Tujamo

Foot on the gas, I like to get down
You think you know the crew, you'll get to know it now
I can do what I wanna on an island like no other
Feel the heat 'cause you better 'cause I'm not slowing down

Pedal to the metal
Four wheels, two seats, one big pedal
Running real steady
Four wheels, two seats, better be ready
Turn it up, I never been a quitter
Just know how to deliver
Speed it up, only one winner
No time for new beginners

You only get what you give
I'ma run it up till the day that I dip
Hot wheels when I drip
Welcome to the summer when I slippy slip
I'm gonna zoom zoom past
Eyes on me, I be going too fast
You only get what you give
I'ma run it up till the day that I dip

No time for new beginners
