

You Know

Tujamo

Whatever you want, ever you need, know I got it
When you're alone, call on me, I'll come to you
Whatever the time, ever the place, let's be honest
Only I know, only you know what to do

If you want it darling, only me and you
Meet me in the bathroom, you know what to do
If you feeling lonely, one on one makes two
Say you wanna party, you know what to do

Doo doo doo doo doo, da da da da
Doo doo doo doo doo, da da da da
Doo doo doo doo doo, da da da da
If you wanna party, you know what to do

Doo doo doo doo doo, da da da da
Doo doo doo doo doo, da da da da
Doo doo doo doo doo, da da da da
If you wanna party, you know what to do

Whatever you want, ever you need, know I got it
When you're alone, call on me, I'll come to you
Whatever the time, ever the place, let's be honest
Only I know, only you know what to do

If you want it darling, only me and you
Meet me in the bathroom, you know what to do
If you feeling lonely, one on one makes two
