Sippin'

Tulisa

Sip, sip, sip, sippin' on love
Sip, sip, sip, sippin' on love
Sip, sip, sip, sippin' on love
All day, all night

Ready, steady, let me do this
'Cause it's feelin' like the perfect time
So let me do it through the music
Already feelin' better each line

It's crazy, it's crazy
How they tryna hold us down, it ain't right
But we're free to change it
We're faded

We're sip, sip, sip, sippin' on love
Hands to the sky, got drink in my cup
We sip, sip, sip, sippin' on love
All day, all night
Sip, sip, sip, sippin' on love
Get it when we can 'cause we still standin' up
Sip, sip, sip, sippin' on love
All day, all night

Sip, sip, sip, sippin' on love
Hands to the sky, got drink in my cup
Sip, sip, sip, sippin' on love
All day, all night
Sip, sip, sip, sippin' on love
Get it when we can 'cause we still standin' up
Sip, sip, sip, sippin' on love
All day, all night

Excited, baby, chasin'
Just wanna dance 'til my clothes get wet
Don't really care where we going
As long as there's love vibe there

It's crazy, it's crazy
How they tryna hold us down, it ain't right
But we're free to change it
We're faded

We're sip, sip, sip, sippin' on love
Hands to the sky, got drink in my cup
We sip, sip, sip, sippin' on love
All day, all night
Sip, sip, sip, sippin' on love
Get it when we can 'cause we still standin' up
Sip, sip, sip, sippin' on love
All day, all night

Sip, sip, sip, sippin' on love
Hands to the sky, got drink in my cup
Sip, sip, sip, sippin' on love
All day, all night
Sip, sip, sip, sippin' on love

Get it when we can 'cause we still standin' up
Sip, sip, sip, sippin' on love
All day, all night

They dunno what to do with a girl like this
She's drunk off the love, tell me, can you taste it?
Dunno what to do with a girl like this
It's dangerous
They dunno what to do with a girl like this
She's drunk off the love, tell me, can you taste it?
Dunno what to do with a girl like this
It's dangerous

Sip, sip, sip, sippin' on love
Hands to the sky, got drink in my cup
Sip, sip, sip, sippin' on love
All day, all night
Sip, sip, sip, sippin' on love
Get it when we can 'cause we still standin' up
Sip, sip, sip, sippin' on love
All day, all night

Sip, sip, sip, sippin' on love
Hands to the sky, got drink in my cup
Sip, sip, sip, sippin' on love
All day, all night
Sip, sip, sip, sippin' on love
Get it when we can 'cause we still standin' up
Sip, sip, sip, sippin' on love
All day, all night

Sip, sip, sip, sippin' on love
Sip, sip, sip, sippin' on love
Sip, sip, sip, sippin' on love
All day, all night
