

Cold Heart Of The Klondike

Tuomas Holopainen

The final frontier
Of utter solitude
Of wilderness untamed

Into White Agony Creek
The cradle of new hope
Many the spring thaws from home

O Me! O Life! Here in the wild
Nothing but two cold Klondike hearts

Charm of a dancehall girl
A true star of the north
Those precious 30 days

A letter in the snow
Love lost yet always there
A burning need of life

O Me! O Life! Here in the wild
Nothing but two cold Klondike hearts

O Me! O Life! Here in the wild
Nothing but two cold Klondike hearts
