

# Babylon Forever

Turbonegro

Ein, Zwei, Drei, Vier  
See the girl on the corner  
Waiting for her freight  
See the slow boy waiting for the power  
Behind the palace gates  
See the smart kid dead by the tracks  
And nobody cares  
See the dirty little bitches laying tired  
On the architect stairs  
They're stuck in this Babylon forever  
They're stuck in this Babylon forever  
And they're never gonna find their way home  
They're stuck in this Babylon forever  
Babylon forever  
See the man in the hat, oh, he's smiling  
Every single day  
See the plantation owners little girls  
Wear the wraps of slaves  
Hear the whispery sound of bumps  
In the night of a creepy crawl  
Feel the heat of the muzzle  
Against the skin as you dry scale the walls  
You're stuck in this Babylon forever  
You're stuck in this Babylon forever  
And they're never gonna find your way home  
You're stuck in this Babylon forever  
Babylon forever, Babylon forever  
Break out  
We're stuck in this Babylon forever  
We're stuck in this Babylon forever  
We're stuck in this Babylon forever  
Forever  
Forever  
Unless you got it figured out
