

TNA (The Nihilistic Army)

Turbonegro

Ain't no holy ghost
Ain't no unholy goat
I don't believe your words
I don't believe your lies
You're caught with no alibis

I tried facial creams
I tried flared blue jeans
I tried Gucci bags, crummy flags
I tried to let it jet lag

Because
We're in nihilistic army (army)
We believe in nothing (nothing)
Nihilistic army (army)
We believe in nothing (nothing, nothing, nothing, nothing)

Don't wanna go to work
My secretary's a jerk
Don't wanna talk to the media
It ain't my job to read ya from the encyclopedia

Just a nihilistic soldier
In a nihilistic band
If I ever opposition
To whatever, whatever is a man
Can't you understand?

In a nihilistic army (army)
We believe in nothing (nothing)
Nihilistic army (army)
We believe in nothing (nothing)

Nothing
Nothing
Nothing

Nothing
Nothing
Nothing

Why can't you be positive?
I won't
Don't you think you're too old for this?
I don't
Why don't you buy one of those self-help books?
I can't read
Why don't you go just slit your wrists?
I don't bleed

Nihilistic army (army)
We believe in nothing (nothing)
Nihilistic army (army)
We believe in nothing (nothing)

Nihilistic army (army)
Nihilistic army (army)

Nihilistic army
We believe in nothing (nothing)
