

## Timewaster

Turin Brakes

Here comes the reveal,  
So get out of the way  
There is too much too feel,  
An emotional landslide

Full of sentiment,  
But never sentimental  
I'm a lonely man,  
Surrounded by people

Pack it up, pack it in  
This is who I should have been  
But instead I waste my time (time)

well I'm a northern star,  
Here in the darkness  
I'm a fat cigars  
Burning embers

Full of sentiment,  
But never sentimental  
I'm a lucky man  
Surrounded by people

Pack it up, pack it in  
This is who I should have been  
But instead I waste my time (time)

ooo wooo ooo woooahhh

Pack it up, pack it in  
This is who I should have been  
But instead I waste my time (time)

Pack it up, pack it in  
This is who I should have been  
But instead I waste my time (time)
