

## New Shit

Turk

My money old but I got me a new bitch  
My money old but I got me a new crib  
My money old but I just bought a new whip  
My money old but I stay getting new shit  
New shit, stay getting new shit (new shit)  
New shit, stay getting new shit (I do)  
New shit, I stay in some new shit  
My money old but I stay getting new shit

04 neutral with some new vogue  
Vacate later same on them new hoes  
Tell a hater man I bite like an alligator  
Yeah I'm sharp as a bitch, brand new kicks  
Brand new kicks to kick a brand new A  
Young Turk, still 30 they don't get a pass  
You was built to make a quilt  
I was built to last  
Old money, cash money blast from the past  
Tell a bitch real quick act like she know me  
Couple drinks in the club say no she knew me  
Going on that patron man is running through me  
New pot to piss in and that bitch too big  
New crib, 3 storeys  
Two words no worries  
One man, one life  
YOLO blow it in one night

My money old but I got me a new bitch  
My money old but I got me a new crib  
My money old but I just bought a new whip  
My money old but I stay getting new shit  
New shit, stay getting new shit (new shit)  
New shit, stay getting new shit (I do)  
New shit, I stay in some new shit  
My money old but I stay getting new shit

99 bling bling, diamond everything  
Vacay later still doing the same thing  
In yo brain getting brain from your mace weed  
Sucker so cold bitch get a brain freeze  
Put the money on the line, I'll take the call  
And if they charge mine I'll take the fall  
Great grand daddy and they shoot the ball  
Bad bitch look cold tell em take it off  
In the strip club I make them bees buzz  
Ask that two min question might be the fuck  
I'm on a roll but my money in stacks  
Them dogs smelling bread and they coming in stacks  
Nigga named Bing yeah that's my best friend  
How about you and her meet us at the west end  
Meanwhile I'll fly by the west wing  
Fresh out the box brand new everything

My money old but I got me a new bitch  
My money old but I got me a new crib  
My money old but I just bought a new whip  
My money old but I stay getting new shit

New shit, stay getting new shit (new shit)  
New shit, stay getting new shit (I do)
