Inside and she willing she willing show you what is

I can tell a mama with it she with it she want a nigga  
To hit it so I take her back to my hotel and I gave her  
Ass the business the pick her up where there's a tub

For one night only I can be your dream girl  
Now you say a J hood but tonight I might be  
Drunk in love blame it on the liquor kiss me  
Where it tickles just might taste a pickle I  
Hope you have a life jacket before you  
Jump into this river because It's flowing It's  
Flowing don't hesitate just go ahead we starting  
Shit now you scared cause monster's under your  
Bed but we can leave the lights on do it real rough  
To a ples song we can wake up to hangovers in the  
Back seat on the range rover

But she look upon her face I can tell she wants to taste  
She with it she with it when she hop up in this bed I'm  
A get between the legs she with it she with it she all  
On me she want that D so she all on me in the back  
Of the club and the VIP she ride on me she grind on  
Me I can see it in her eyes that she wants me up  
Inside and she willing she willing

And we did it by the look on her face I can tell that  
Moma with it I know that she wants it so we went  
Ahead and we did it so we went ahead and we did it  
You know we with it so we went ahead and we did it  
She went ahead and did it
