Uptown

Turk

Take a ride through the hood, high nty
He given up them deals on the occupy
My nigga knowledge not far, probably riding in the car.
Talking on the cellphone, rolling up another blunt,
With the jag boys on it, we can do it with you
I give my niggas money and shawty, they roll it on you.
Can get started on dawn, only, ride street harmony,
Boom sack anyday, all the way to six three.
Apple jacket wild, with the first to make it pop,
Nigga still got blow, put virgin assault,
My nigga vito, when y'all gonna see
That other tech nine that I used to be.
That one on one rescue, you six feet deep
For nigga bit clip, that clip on your hip
Rest in peace, stupid J and set them dice,
Yellow boy was a fool, soldiers slim with nuts.

Long time, nigga, let bite in,
We don't talk to the fat boys,
And them niggas shine.
Suck them bully, my nigga little ride in,
Drop the big shout and I bring you back about it.
Long time, nigga, let bite in,
We don't talk to the fat boys,
And them niggas shine.
Suck them bully, my nigga little ride in,
Drop the big shout and I bring you back about it.

Everything's strap when you're spinning the bent,
Enough men chosen a fin rap over cali,
You chick's been sucking the dick, we're all about moto,
We get the fo-fo, the dazzing on the in more,
We're sitting in my hood with the things on the bimo.
You know where I be at, shout at and be that,
To you, boy, holla at your rounds if you need that,
You think about the kicks, now you're coming for the itch,
Curios disease, we're gonna leave your blind sick.
Remember Carry Lerow, she be more on that nigga cheek
They're still getting money and they ride for me.
I got a thing for ocho, my thing for ocho,
My thing from ocho, my chain from ocho.
Ocho, nigga boy, I be wiling,
Ocho, nigga boy, living violent.

Long time, nigga, let bite in,
We don't talk to the fat boys,
And them niggas shine.
Suck them bully, my nigga little ride in,
Drop the big shout and I bring you back about it.
Long time, nigga, let bite in,
We don't talk to the fat boys,
And them niggas shine.
Suck them bully, my nigga little ride in,
Drop the big shout and I bring you back about it.

I'm an uptown nigga, living violent,
Cuddos when you're setting dose, I be riding.

Put your hand bill on the other side of the hill
From the thing to the thirty, homie is real.
We don't play by no rules, man, we cut through,
Put a nigga to sleep, that's why we're here for.
Hold a hole in the street, yeah, we can call it
Still one of my niggas are stealing to you.
Burgain, burg a shoe and much to bang bang
Thirty day to cali-o, about the same thing.
A million thoughts through your ceiling, hit it straight thuggie.
Dug it through the uptown, nigga straight thuggie,
My nigga here, my nigga biggie, mad world,
Them TC stay in limit, nigga, young term.
Rest in peace, Wilo, that's my lil brother.
Let uptown, got a whole lot of love for you.

Long time, nigga, let bite in,
We don't talk to the fat boys,
And them niggas shine.
Suck them bully, my nigga little ride in,
Drop the big shout and I bring you back about it.
Long time, nigga, let bite in,
We don't talk to the fat boys,
And them niggas shine.
Suck them bully, my nigga little ride in,
Drop the big shout and I bring you back about it.
