

## Faster Than God

Turmion Kätilöt

I am the heartbreaker  
Your beloved undertaker  
You are my jaw breaker  
Sinister venom of Darth Vader

Humanity sacrificed  
When we touch each other  
Embrace the universe  
God speed baby

Faster than god  
You will break  
Faster than god  
Down on your knees  
AK 47 ejaculating against your heaven

You are my Jaw breaker  
Sinister venom of Darth Vader  
I am the wonder maker  
Your beloved undertaker  
Bend, feel, fake the reality  
God speed baby  
My divinity all over your face  
When we kill each other

I need your blood  
Before I'm mud  
I drink your blood  
Before our god
