

## Behind My Back

Turning Point

Getting on me  
For the things that I've done  
But when my backs against the wall  
You're the one who turns and runs  
You keep talking  
When we're not there  
But we're keeping up  
Becoming aware  
Words around  
Your shit is out  
People finally realize  
What you're all about
