

## Change Irreversible

Turnover

I don't care much for the springtime  
Twenty odd plates on the same side  
I don't know, I'd say the same about the fall

Oh, it's just been such a long night  
I was anxious till the first light  
I've been finding I spend most of them like this

Usually it's all fuzz  
Keeping me awake at night  
There's nothing that'll help what  
Trouble I've been thinking of

Usually it's all fuzz  
(Once you take the first step, it's)  
Keeping me awake at night  
(Irreversibly changing)  
There's nothing that'll help what  
(I don't think I'm being selfish)  
Trouble I've been thinking of  
(How would you like me to live?)

Disappointment waiting for me  
Like a hunger in the morning  
Draw a straight line that I can follow easily

There's a grey lens over my eyes  
The perception wasn't quite right  
If you're in the dark enough your eyes adjust

Usually it's all fuzz  
(Once you take the first step, it's)  
Keeping me awake at night  
(Irreversibly changing)

There's nothing that'll help what  
(I don't think I'm being selfish.)  
Trouble I've been thinking of  
(How would you like me to live?)

My fingers tracing  
Soft on the curtain  
I'm sick and nervous  
Dive in the pavement

I don't care much for the springtime  
(My fingers tracing)  
There's a grey lens over my eyes

There's a hunger waiting for me
