

## Bad Wave

Turnstile

I've been stuck in a real bad wave  
Put my head in some real dark places  
Worked up  
Mind shot  
Gotta learn to find love in what I got  
But still, I can't shake it  
I can't shake it

I can't shake it  
I've had enough  
Of starting over and giving up  
A bad wave is coming down  
A bad vibration is sucking me out  
But still, I can't shake it

I can't shake it  
Feels like I'm breaking

I've been stuck in a real bad wave  
Put my head in some real dark places  
Worked up  
Mind shot  
Gotta learn to find love in what I got
